

CS-442

Product Information

The CS-442 is a high-quality production case designed and built exclusively for Sound Devices 442 Field Mixer by Porta-Brace. The CS-442 will safely carry a 442 mixer, an NP-style battery, and Porta-Brace

RM-series accessories. The CS-442 can be used over the shoulder with the included leather shoulder strap for portable applications.

Features

Durable Construction

- ✓ Padded, durable nylon material for shock resistance and temperature insulation.

Secure Main Compartment

- ✓ Main compartment holds the 442 securely using the mixer's front panel protection posts.

Side Access Cable Management

- ✓ Side exit cable runs with hook and loop closures.
- ✓ Access to input and output panel switches and connectors.

Battery Pouch

- ✓ NP-style battery pouch with hook and loop enclosure.
- ✓ Convenient, internal power-cable routing.

Shoulder Strap

- ✓ Comfortable, adjustable-length padded-leather strap.

Windowed Cover

- ✓ Viewing of all metering with cover in place.
- ✓ Can be rolled back and held with hook and loop fasteners.

RM-Series and AH-Series Accessory Mounts*

- ✓ Accepts Porta-Brace RM-Multi, RM-Multi Deluxe, AH-1, and AH-2 accessories for additional carrying capacity.

Operational Notes

- Disconnect the red hook & loop tab before inserting the mixer.
- Secure the mixer to the bag by fastening the front panel posts with hook and loop fasteners.
- Operate the mixer with the battery pouch toward the body.
- Use the battery pouch to hold an NP-style battery and cap or to hold spare AA batteries.
- Route battery cable out of the battery pouch through the red hook and loop opening to the 442's DC input.
- With all of the 442's controls on its three main surfaces, there is no need to remove the 442 from the CS-442 for setup, battery access, or storage.

* Porta-Brace accessories are available through Porta-Brace dealers.
